

Embry-Riddle Aeronautical University, Prescott, AZ College of Engineering

Distinguished College of Engineering Guest Speaker Series

The College of Engineering is excited to have Dr. Richard Holdaway as our Distinguished College of Engineering (COE) Speaker. Please mark your calendars for these events and we hope to see you there! A brief bio & dates for his series of 6 presentations "Journeys through Space & Time" is given below.

Speaker: Dr. Richard Holdaway

Has 45 years of experience working in multi-national Space Programmes, having worked on numerous missions in Space Science and Earth Observation with NASA, ESA, Russia, Japan, EU and many others. He was appointed Director of the UK National Space Lab "RAL Space" near Oxford UK in 1998 and is now a Non-Executive Director of Stratospheric Platforms Ltd based in Cambridge UK, but also lives half the year in Prescott.

"He is a Fellow of the British Royal Academy of Engineering, a past Fellow of the American Institute of Aeronautics & Astronautics, and a Visiting Professor at the Universities of Southampton, Kent and Beijing. He is a member of numerous National and International Committees, Boards and Councils. He was awarded a CBE, Commander of the Order of the British Empire, by Her Majesty Queen Elizabeth in the New Year's Honours List in 2013.

"A series of six talks covering the Global Space Program, from The Stars, Planets, Comets and Asteroids to Overserving the Earth, Climate Change and Future Missions".

- NOV. 7th The Space Programme & the "Right Stuff": 500 BC to 2019 AD
- DEC. 3rd The Universe – Are we Alone?
- JAN. 21st The Solar System – Our Sun and the Planets, and other strange things
- FEB. 11th Climate Change – The Facts & The Myths we have learned from Space
- FEB. 20th Looking down on Planet Earth
- MAR. 3rd Been there; done that. What's next?

Dr. Ron Madler, COE Dean
