

Study Abroad

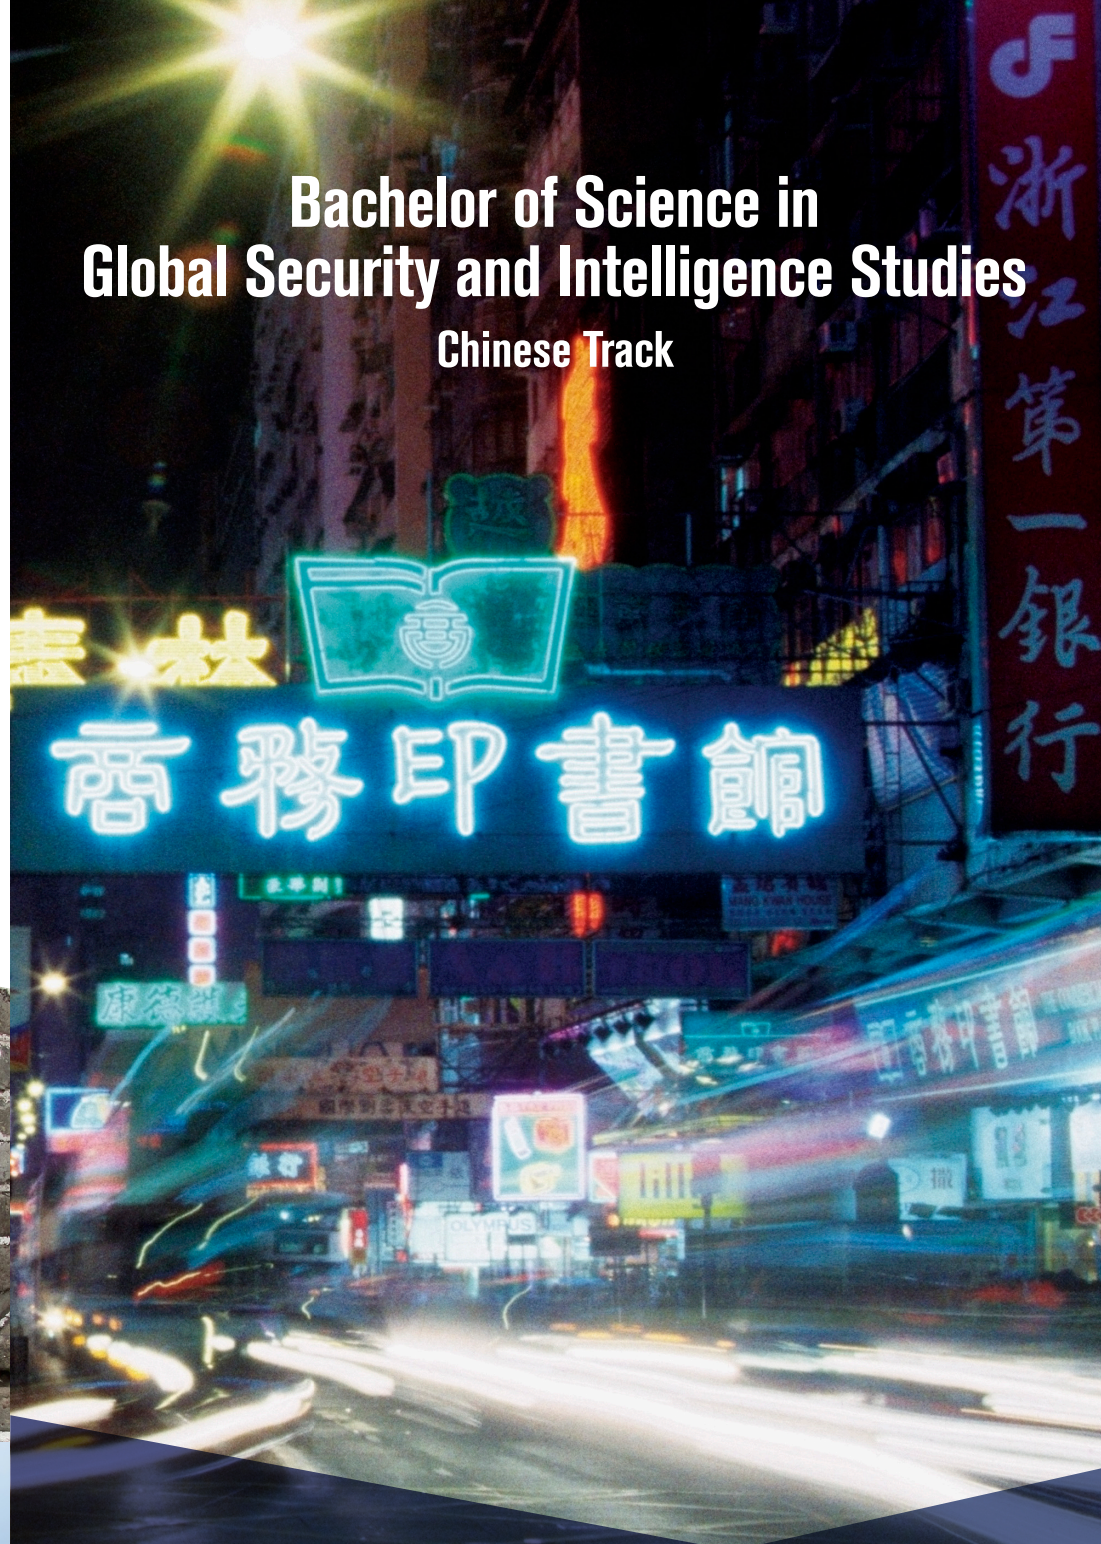

Spend the summer between your sophomore and junior years in Beijing. During your studies, you'll attend classes, live with a host family and explore the greater Beijing area on field trips.

Study abroad is half regular tuition, with additional fees.

Bachelor of Science in Global Security and Intelligence Studies Chinese Track

EMBRY-RIDDLE
Aeronautical University™
PRESCOTT, ARIZONA

Air Force cadets can earn additional pay for Chinese courses based on level. Cadets on scholarship also receive funds for books each semester, in addition to a monthly stipend. Army cadets are eligible to apply for a STEM scholarship.

Take your interest in security and intelligence studies to a whole new level by going “global” with the Chinese track of the Bachelor of Science in Global Security and Intelligence Studies at Embry-Riddle Aeronautical University's Prescott Campus.

By blending classroom and experiential learning, this track introduces an advanced understanding of Chinese language and culture while providing a foundation in areas including forensics, intelligence, security, cyber, law and psychology. Not only will you study Chinese culture, you'll actually experience it first hand during a required summer term abroad.

The multi-disciplinary nature of the Global Security and Intelligence Studies Chinese track will uniquely position you for careers with public and private organizations around the world.

Both Air Force and Army ROTC cadets are eligible for study abroad funding through Project GO, a project funded by the Department of Defense.

Leeann Chen, PH. D.
Professor, Director of Chinese Programs
Language Coordinator for Prescott Campus
