2. GENERAL INTRODUCTION

Embry-Riddle Aeronautical University, Prescott campus consists of 2250 students and some 425 faculty and staff. We are not immune to the problems of modern society. Problems of personal safety, thefts and other crimes exist on, as well as off campus. Do not fall into the trap of considering the campus a sanctuary. Students are considered to be mature. They are expected to obey the law and take personal responsibility for their conduct. This pamphlet is intended to heighten your awareness of your responsibilities and to demonstrate how to respond to unusual situations you may encounter.

Groups or individuals desiring additional information about safety and security are encouraged to contact the Embry-Riddle Aeronautical University Campus Safety and Security at 928-777-3333.

Tenants of Embry-Riddle residence halls can contribute greatly to their own safety, the safety of others and the protection of personal and University property. Please take the time to read this Report and follow its suggestions and directions.

By employing an attitude of personal responsibility, you will enhance the quality of life in your living area. Campus Safety and Security strongly suggests the implementation of these practices for your benefit and that of our community.

It should be stressed that the guidelines that follow are not guaranteed to shield and protect you in all situations. However, if you follow these guidelines you will greatly diminish the probability of being a victim, and substantially increase the possibility that you can handle unanticipated events in a sensible manner. An involved and empathetic citizenry; one in which each individual is willing to accept responsibility for his or her own safety, as well as willing to contribute to the community’s well-being, is the best guarantee of a safe and secure environment.

3. DISCLOSURE STATEMENT

The University Campus Safety and Security is required each year to prepare a crime report that list statistical information relating to crime on campus. The U.S. Department of Education and the Clery Disclosure Act and the Higher Educational opportunity act require this information be published by Oct 1st for the prior year for review by the public and campus community. Copies of this annual report may be picked up at the Campus Safety and Security or the Dean of Students Office. It is also posted on the Campus Safety and Security web site for review. Crime Statistical tables are also attached to this report. E-mail will be sent to campus community outlining web link to access report before published date of Oct. 1. This report will also be made available to all prospective students and employees through the internet.

4. PERSONAL SAFETY EDUCATIONAL PROGRAMS AND CRIME PREVENTION AT THE UNIVERSITY

Embry-Riddle Aeronautical University believes that safety is everyone’s responsibility and that “security begins at home.” Our programs are designed to interact with all members of the
University community at every level. Information and literature on crime prevention and personal safety is available at the Campus Safety and Security Office located in Building 14 (Between the Cashiers building and the Mailroom)

The parent and student orientation programs include informational sessions on crime prevention and safety services at the University. The Campus Safety and Security office offers such services as campus escorts and engravers for the marking of personal property. Additionally, free seminars on personal safety topics are presented each semester and are available to the entire University community. The Department of Housing and Residence Life Resident Assistants also receives special training in safety, security, and fire prevention.

In addition to our regular program of crime prevention services, the University carefully monitors crimes or other incidents, which are reported within the campus community. Incidents occurring on University property, which suggests a possible special concern for the safety of our community members, will result in a precautionary safety alert distributed to the community.

**PROTECTING YOURSELF**

Lock the door to your apartment or residence hall room when you are asleep, showering or alone in the room. These are some of your most vulnerable moments; you need the extra protection a locked door will offer.

Don’t open your door to strangers. Identify your visitor before allowing access. Report immediately, to the appropriate maintenance source any problems with your door’s security devices.

Do not give your name, address or phone number to strangers.

Do not carry more cash with you than you anticipate needing in one trip. Also do not flash large amounts of cash in public.

Whether traveling on foot, using public transportation, or operating a personal vehicle, have a friend go with you. It’s more fun to travel with company, and there is extra safety in numbers. When going out, let your roommate, a friend, or a staff member know where you are going and when you expect to return. This is extremely important when planning outdoor activities.

At night, travel in well-lit areas. Travel on the most direct and highly traveled path. Do not take shortcuts through dark or deserted areas.

Walk and jog facing traffic whenever possible. This increases awareness of potential traffic hazards and also reduces the possibility of being followed unknowingly by someone in a vehicle. Be careful not to get too close to shadowed areas by buildings or shrubbery. Walk in the middle of the sidewalk, out of easy reach of potential attackers.
If you feel threatened, or suspect you are being followed, walk toward lighted areas where there are people. Look over your shoulder frequently. This lets the follower know you are aware of both their presence and your surroundings.

There are emergency phones located throughout this campus. They are designated by the word “emergency” and they have a blue light at the top of the call box. The phone has an emergency and non-emergency button that you can push. The phone call goes directly to our dispatcher who in turn will notify a Safety Officer. Use these phones to contact the Campus Safety and Security office for any reason.

If it is an emergency, state the call box number that is assigned to the phone you are using, and a Safety Officer will respond immediately.

When riding in a car, keep the doors locked. Park your car or motorcycle in a well-lit area. When you approach your car, have your keys ready. Look into the back and front seats to make sure the car is empty before you get in.

When traveling any considerable distance, put together a survival kit. Remember that Prescott is located in a mountainous region in which the weather can change rapidly. Rapid temperature changes and spontaneous storms do occur.

In periods of heavy rain, stay away from areas of known flash flooding or identified as flash flood areas. The currents created by the floods can sweep a vehicle away.

Be aware that this University has numerous types of insects and wildlife that make this campus their home. Be careful and don’t assume that they are all harmless.

Don’t pick up hitchhikers and don’t hitchhike!

If anything makes you look twice or feel uncomfortable, call Campus Safety and Security. Report any suspicious activity to Campus Safety and Security.

Keep in mind that when you become intoxicated you are letting down your protective guard. Keep in mind thieves look for the easiest target, which often is someone who is intoxicated.

If you must drink, please do so responsibly.

**PROTECT YOUR POSSESSIONS**

Lock the door when you are away from your room or apartment. Most burglaries in student housing units occur in unlocked, unoccupied rooms or apartments. Lock your door to remove the easy opportunity for thieves. This applies even if you are just down the hall. Remember that it takes less than thirty seconds to burglarize your room. Keep windows closed and locked when away from your room. This protects your belongings from both theft and surprise inclement weather.
Engrave all personal items of value with your social security number or some other identifying number. Engraving tends to deter theft and assists in identifying possessions should they be stolen. An engraver is available at Campus Safety and Security.

Keep a record of the serial numbers of all your belongings. Items of value that do not have serial numbers should be photographed. Clothing can be marked on the inside label with an indelible laundry marker.

Don’t advertise your valuables. Keep them out of sight. Arrange your room so those high-risk items such as cameras, stereos, and televisions are not visible from the outside when the door is open or from ground level windows.

Items of high monetary value and minimal use in a University environment (such as expensive jewelry) should be left at home. Very expensive items should be stored in a safety deposit box.

Do not keep large sums of cash in your room. A bank account is safer. Remember to keep your checks in a secure place. Do not talk indiscriminately about receiving money. There is no need to advertise to potential thieves.

Do not leave your belongings unattended in public areas such as restrooms, hallways, laundry rooms, and dining rooms. If you want to keep it, keep it with you.

Carry your purse or backpack close to your body and keep a tight grip on it.

Mark items you regularly take to class such as books, backpacks, and calculators. Persons in laboratory classes should also mark all of their personal supplies with their name or some other identifying number.

Do not carry your identification cards and your checks in the same wallet. Keep them separate: I.D. in your bill fold in one pocket and checkbook in another pocket. If either are lost or stolen, the finder will not have access to your checking account. Do not carry your social security card in your purse or wallet!

Make a list of your credit cards, identification cards, and checking account numbers and keep the list in a safe place. If your purse or wallet is lost or stolen, you will then have a list of numbers to use when notifying the proper authorities. Remember you will need to contact not only the police, but also all credit card companies and banks with which you do business. Make these notifications immediately.

Insurance in housing units operated by Student Housing covers the institution’s property only. Residents are encouraged to provide their own insurance against loss of or damage to personal possessions. If your family has homeowners insurance, check with your family’s agent about coverage.
PROTECTION OF YOUR MOTOR VEHICLE

Lock your motor vehicle and take the keys. Many car burglaries and car thefts occur because the owner did not take the time to secure the car. Do not make your car a target of opportunity by leaving it open to all who care to enter.

Do not park in isolated, dark places if these areas can be avoided. Park where there are people and where the car will be well-lit.

Do not leave items of value unattended in your car. Expensive cameras, stereo equipment, textbooks and clothing left on the seat of an unattended car are invitations to theft. If you must leave items in your car, store them in a locked trunk.

Specific parking areas are dedicated to residents at Student residence halls. Familiarize yourself with parking rules for these areas and obey them. Campus Safety and Security will issue citations, boot vehicles and/or tow vehicles when appropriate.

PROTECTING YOUR BICYCLE

Never leave your bicycle unlocked and unattended. Bicycles are to be secured to designated bicycle racks.

Engrave your bicycle with your name or Eagle Card number and keep a record of it with a description/picture of the bicycle and the bicycle serial number.

Campus Safety and Security uses ARMS as its case management system. The case log list type of crime, date of report, case number, and location. Campus Safety and Security also maintains a second daily crime log for Clery purposes. This log includes Clery reportable crimes only and includes, crime type, date reported, date of incident, location and disposition if available. Crimes are listed on this log once a report is given in good faith and it meets the definition of the Clery Crime. The crime must be listed on log within two days reported. Once a crime is listed on the daily crime log a disposition can only be changed to unfounded by Prescott Police Department. If Campus Safety and Security investigates the case and believes the case is a false report or unfounded Campus Safety and Security will contact the Prescott Police Department to review disposition. If the case is judged unfounded by the Prescott Police Department it will be documented on the original case report.
12. MISSING STUDENT PROCESS

The Higher Education Opportunity Act requires this university to make a policy statement on the campus missing student policy. The policy as stated originates from the Dean of Students office, but is also listed within the Department of Student Life, Residential policies and on the Campus Safety and Security website as compliance to the annual campus security report. A copy of this policy may be obtained from the Dean of Students office or on the Campus Safety and Security website.

25. VIOLENCE AGAINST WOMEN ACT (VAWA)

SEXUAL MISCONDUCT

Embry-Riddle Aeronautical University Prescott Campus prohibits sexually violent acts, termed
“Sexual Misconduct” by the Embry-Riddle Aeronautical University Prescott Campus, which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, interpersonal/relationship violence, sex/gender-based stalking, and sexual harassment. While Embry-Riddle Aeronautical University Prescott utilizes different standards and definitions than the State of Arizona Revised Statutes, sexual misconduct often overlaps with the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. Victims of these behaviors are protected by federal laws, specifically Title IX [http://prescott.erau.edu/about/health/sexual-misconduct-and-title-ix/index.html](http://prescott.erau.edu/about/health/sexual-misconduct-and-title-ix/index.html) and the Clery Act, which mandates the contents of this report.

It is the policy of Embry-Riddle Aeronautical University Prescott Campus to notify Campus Safety and Security when sexual misconduct occurs, typically without providing identifying information about the incident, unless a victim wishes that information to be shared, or an emergency requires disclosure. Victims have the option to notify law enforcement directly, or to be assisted in doing so by campus authorities. If requested, campus officials can facilitate reporting to campus or local law enforcement, but may also respect a victim’s request not to do so.

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among its students, the Embry-Riddle Aeronautical University Prescott Campus utilizes a range of campaigns, strategies, and initiatives to promote awareness, educational, risk reduction, and prevention programming.

It is the policy of the Embry-Riddle Aeronautical University Prescott Campus to offer programming to identify and prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking each year. Educational programs are offered to raise awareness for all incoming students and employees, and are often conducted during new student and new employee orientation and throughout an incoming student’s first semester. Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management, and bystander intervention), and discuss institutional policies on sexual misconduct as well as the State of Arizona definitions of domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity.

Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Programs are informed by evidence-based research and/or are assessed for their effectiveness.

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose, and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.
In the event that sexual misconduct, gender-based violence, or the crimes of sexual assault, stalking, dating violence, or domestic violence do occur, the Embry-Riddle Aeronautical University Prescott Campus takes the matter very seriously. The Embry-Riddle Aeronautical University Prescott Campus employs interim protection measures such as interim suspensions and/or no contact orders in any case where a student’s behavior represents a risk of violence, threat, pattern, or predation. If a student is accused of sexual misconduct, other gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, s/he is subject to action in accordance with the University’s Non-Discrimination Policy in the student handbook. A student wishing to officially report such an incident may do so by contacting Campus Safety and Security at (928) 777-3333 or the Title IX Coordinator at (928) 777-3747. Anyone with knowledge about sexual misconduct, gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence is encouraged to report it immediately. Protective measures for victims are available from the campus whether a victim chooses to report to local and/or campus law enforcement, and irrespective of whether a victim pursues a formal complaint through the Embry-Riddle Aeronautical University Prescott Campus resolution process.

If you are the victim of sexual misconduct, gender-based violence, or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, contact Campus Safety and Security at (928) 777-3333 if you are on campus or call 911 if you are off campus.

2. Consider securing immediate professional support (e.g., counseling, victim advocacy, medical services, etc.) to assist you in the crisis.

3. If you are on campus during regular business hours, you may go to the ERAU Counseling Center for counseling services, support and guidance. The ERAU Counseling Center can provide confidential resources. Additionally you may go to the Women’s and Diversity Center as a private reporting option with Dr. Melanie Wilson. After regular business hours, or in any situation where a victim wishes, local resources, such as Yavapai Family Advocacy Center (928)775-0669, are also available and may be able to provide confidential assistance.

4. For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault. The hospital or Yavapai Family Advocacy Center will arrange for a specific medical examination at no charge or can work with you to arrange state reimbursement.
   - To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before
receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.

- Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaunched clothing, and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet to avoid contamination.

- If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.

- Record the names of any witnesses and their contact information. This information may be helpful as proof of a crime, to obtain an order of protection, or to offer proof of a campus policy violation.

- Try to memorize details (e.g., physical description, names, license plate number, car description, etc.), or even better, write notes to remind you of details, if you have time and the ability to do so.

- If you obtain external orders of protection (e.g., Orders of Protection or an Injunction against Harassment), please notify Campus Safety and Security or the campus Title IX Coordinator so that those orders can be observed on campus.

5. Even after the immediate crisis has passed, consider seeking support from ERAU Counseling Services, the Women’s and Diversity Center, and/or the Yavapai Family Advocacy Center.

6. Contact Campus Safety and Security at (928) 777-3333 if you need assistance with Embry-Riddle Aeronautical University Prescott campus concerns, such as no-contact orders or other protective measures. The Title IX Coordinator or the Title IX Investigator can also assist in any needed advice for students who wish to obtain protective or restraining orders from local authorities.

The Embry-Riddle Aeronautical University Prescott Campus is able to offer reasonable academic support, changes to living arrangements, security escorts, no contact orders, counseling services access, and other support and resources as needed by a victim. The Embry-Riddle Aeronautical University Prescott Campus is able to offer information about legal assistance, visa/immigration assistance, and student financial aid considerations for victims.

LEGAL DEFINITIONS

Rape is generally defined by states as forced sexual intercourse. It may also include situations where the victim is incapable of giving consent due to incapacitation by means of disability or alcohol or other drugs. Many rapes are committed by someone the victim
knows, such as a date or friend.

Under Arizona law, rape is defined as sexual intercourse against the will of the victim that can occur under a variety of circumstances, including:

- Where the victim is prevented from resisting due to alcohol or drugs.
- Where the assailant uses physical force or the threat of force to overpower and control the victim.
- Where the victim fears that s/he or another will be injured if the victim does not submit.
- Where the victim is at the time unconscious of the nature of the act, and this is known to the assailant.
- Where the victim is incapable of giving legal consent due to a mental disorder or developmental or physical disability, and this is known or reasonably should be known to the assailant.
- Where the act is accomplished by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another person.
- Where the assailant uses duress, such as a direct or implied threat of hardship or retribution, to coerce the victim.
- Where the assailant uses force, fear, or threats to accomplish sexual intercourse against the will of the spouse. This provision of the law is known as the “spousal rape law.”

The complete Arizona rape and sexual assault offense definitions can be found in accordance to the Arizona Revised Statues under Title 13 (Criminal Code) Chapter 14 (Sexual Offenses).

**OTHER SEXUAL OFFENSES**

Other sexual offenses include the following: sodomy (forced anal intercourse); oral copulation (forced oral-genital contact); rape by a foreign object (forced penetration by a foreign object, including a finger); and sexual battery (the unwanted touching of an intimate part of another person for the purpose of sexual arousal).

**Sexual Harassment**

Sexual harassment is a form of misconduct that undermines the integrity of the academic environment. It is the policy of the Embry-Riddle Aeronautical University Prescott Campus...
that sexual harassment is prohibited. All members of the Embry-Riddle Aeronautical University Prescott Campus community, especially officers, faculty, and other individuals who exercise supervisory authority, have an obligation to promote an environment that is free of sexual harassment. Sexual harassment is defined as:

Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other sex-based and/or gender-based physical, written, visual, or verbal conduct of a sexual nature where:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education; or

- Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting the individual; or

- Such conduct has the purpose or effect of:
  - Unreasonably interfering with an individual's academic, social or professional performance; or
  - Creating an intimidating, hostile, or demeaning employment or educational environment.

Any complaints or inquiries regarding sexual harassment of a student by an officer, faculty member, or staff member should be brought to the immediate attention of the Title IX Coordinator. Any complaints or inquiries regarding sexual harassment of a student by another student should be brought to the immediate attention of the Title IX Coordinator. The Embry-Riddle Aeronautical University Prescott Campus will investigate such claims promptly and thoroughly. If harassment is established, the Embry-Riddle Aeronautical University Prescott Campus will discipline the offender. Disciplinary action for violations of this policy can range from verbal or written warnings, up to and including immediate termination from employment or dismissal from Embry-Riddle Aeronautical University for serious or repeated violations.

**Sex Offenders**

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Embry-Riddle Aeronautical University Prescott Campus is providing a link to the Arizona State Sex Offender Registry [http://www.azdps.gov/services/sex_offender/](http://www.azdps.gov/services/sex_offender/) All sex offenders are required to register in the state of Arizona and to provide notice of each institution of higher education in Arizona at which the person is employed, carries out a vocation, or is a student.

In addition to the above notice to the State of Arizona, all sex offenders are required to deliver written notice of their status as a sex offender to Embry-Riddle Aeronautical University Prescott Campus no later than three (3) business days prior to their enrollment in, employment with, volunteering at, or residence in the Embry-Riddle Aeronautical University
Prescott Campus. Such notification may be disseminated by Embry-Riddle Aeronautical University Prescott Campus to, and for the safety and well-being of, the Embry-Riddle community, and may be considered by the Embry-Riddle for enrollment and discipline purposes.

**CAMPUS PROCEDURES FOR ADDRESSING SEXUAL MISCONDUCT, DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, SEXUAL HARASSMENT, AND OTHER ACTS OF SEX AND GENDER DISCRIMINATION**

For offenses including sexual misconduct or other gender-based violence, which typically include the crimes of domestic violence, dating violence, sexual harassment, sexual misconduct, and stalking, sanctions range from warning to expulsion. Serious and violent incidents and acts of non-consensual sexual intercourse (the policy equivalent to the crime of rape) usually result in suspension, expulsion, or termination of employment. Lying to investigators (and/or failing to participate in an investigation) can result in additional consequences under the Code of Student Conduct. Refer to the Student Handbook for more details. [http://prescott.erau.edu/Assets/prescott/forms/prescott-student-handbook.pdf](http://prescott.erau.edu/Assets/prescott/forms/prescott-student-handbook.pdf)

Procedurally, when Embry-Riddle Aeronautical University Prescott Campus receives a report of sexual misconduct, gender-based violence, or other sex or gender discrimination, the campus Title IX Coordinator is notified. If the victim wishes to access local community agencies and/or law enforcement for support, Embry-Riddle Aeronautical University Prescott Campus will assist the victim in making these contacts. The Title IX Coordinator will offer assistance to victims in the form of interim or long-term measures such as opportunities for academic accommodations; changes in housing for the victim or the responding student; visa and immigration assistance; changes in working situations; and other assistance as may be appropriate and available on campus or in the community (such as no contact orders, campus escorts, targeted intervention, etc.). If the victim so desires, that individual will be connected with a counselor on- or off-campus, as well as an on-or off-campus victim’s advisor. No victim is required to take advantage of these services and resources, but Embry-Riddle Aeronautical University Prescott Campus provides them in the hopes of offering help and support without condition or qualification. A summary of rights, options, supports, and procedures, in the form of this document, is provided to all victims, whether they are students, employees, guests, or visitors.

When appropriate upon receipt of notice, the Title IX Coordinator will cause a prompt, fair, and impartial process to be initiated, commencing with an investigation, which may lead to the imposition of sanctions based upon a preponderance of evidence (what is more likely than not), upon a responding student or other accused individual. Procedures detailing the investigation and resolution processes of Embry-Riddle Aeronautical University can be found online here: [http://prescott.erau.edu/Assets/prescott/forms/sexual-misconduct-resolution-process.pdf](http://prescott.erau.edu/Assets/prescott/forms/sexual-misconduct-resolution-process.pdf) The Coordinator is ultimately responsible for assuring in all cases that the behavior is brought to an end, Embry-Riddle Aeronautical University Prescott Campus acts to reasonably prevent its recurrence, and the effects on the victim and the community are remedied. The Coordinator is also responsible for assuring that training is conducted annually for all advocates, investigators, hearing officers, panelists, and appeals officers that encompass a hearing process that protects the safety of victims and promotes accountability. Training will focus on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, retaliation, and other behaviors that can be forms
of sex or gender discrimination covered by Title IX and Clery Act. Training will help those decision-makers in the process of protecting the safety of victims and promoting accountability for those who commit offenses.

The investigation and records of the resolution conducted by Embry-Riddle Aeronautical University Prescott Campus are maintained confidentially. Information is shared internally between administrators who need to know, but a tight circle is kept. Where information must be shared to permit the investigation to move forward, the person bringing the accusation will be informed. Privacy of the records specific to the investigation is maintained in accordance with Arizona law and the federal FERPA statute. Any public release of information needed to comply with the open crime logs or timely warning provisions of the Clery Act will not include the names of victim or information that could easily lead to a victim's identification. Additionally, Embry-Riddle Aeronautical University Prescott Campus maintains privacy in relation to any accommodations or protective measures afforded to a victim, except to the extent necessary to provide the accommodations and/or protective measures. Typically, if faculty members or administrators are asked to provide accommodations for a specific student, they are told that such accommodations are necessary under Title IX or the Clery Act, but they are not given any details of the incident, or what kind of incident it is. Irrespective of state law or public records access provisions, information about victims is maintained privately in accordance with Title IX and FERPA.

In any complaint of sexual misconduct, sexual assault, stalking, dating violence, domestic violence, or other sex or gender-based discrimination covered under the federal law, Title IX, the person bringing the accusation and the responding party are entitled to the same opportunities for a support person of their choice throughout and to fully participate in the process, including any meeting, conference, hearing, appeal, or other procedural action. The role of advisors is described in detail here http://prescott.erau.edu/Assets/prescott/forms/sexual-misconduct-resolution-process.pdf Once complete, the parties will be informed, in writing, of the outcome, including the finding, the sanctions (if any), and the rationale therefor. Delivery of this outcome to the parties will occur without undue delay between notifications. All parties will be informed of Embry-Riddle Aeronautical University Prescott Campus' process for a Request for Reconsideration.

Should any change in outcome occur prior to finalization, all parties will be timely informed in writing, and will be notified when the results of the resolution process become final.

Both Title IX and the Clery Act provide protections for whistleblowers who bring allegations of non-compliance with the Clery Act and/or Title IX to the attention of appropriate campus administrators. Embry-Riddle Aeronautical University Prescott Campus does not retaliate against those who raise concerns of non-compliance. Any concerns should be brought to the immediate attention of the campus Title IX Coordinator Liz Frost (928-777-3747) and/or to officials of the U.S. Department of Education.

Reporting of statistics under the Clery Act uses federal offenses definitions that allow comparability across campuses, regardless of the state in which the campus is located. These definitions are as follows:
