**Missing Student Policy**

The Higher Education Opportunity Act requires this university to make a policy statement on the campus missing student policy. The policy as stated originates from the Dean of Students Office but is also listed within the Department of Housing and Resident Life policies and the Campus Safety & Security Department policies as compliance to the annual campus security report. A copy of this policy may be obtained from the Campus Safety & Security Department web site.

**Procedure:**

**Reporting requirements:**

1. **On Campus Students:** All faculty, staff and students have a responsibility to report any student living on campus that may be missing from the campus community for more than 24 hours. You are required to make your report to the Campus Safety & Security Department.
2. **Off Campus Students:** All faculty, staff and students have a responsibility to report any students living off campus that may show signs of being missing from the campus community. Failure to attend classes, campus functions, and missed appointments, may be signs of a possible problem. We encourage reporting under these circumstances. There is no 24 hour reporting requirement under the Higher Education Opportunity Act for Off Campus Students, although you are encouraged to report your concerns to the campus Safety & Security Department.

**Emergency information:**

1. It is the university’s responsibility to collect and maintain confidential student contact information in case an on campus student is reported missing.
2. This information will be collected by the Department of Housing and Resident Life during the regular check in process at the beginning of Fall and Spring semester. This confidential information will be filed in a secured location within the Department of Housing and Resident Life or review only by authorized individuals if the information is required.
