**DECEMBER 12, 2020**

**YOUR WINGS ALREADY EXIST.**  
**ALL YOU HAVE TO DO IS FLY.**

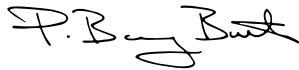

---

## TO OUR GRADUATES

Your graduation from Embry-Riddle Aeronautical University comes at an unprecedented time in history, as the Covid-19 outbreak alters life around the world. Despite the distractions and detours of the past year, you maintained your focus and met your goal with a discipline that marks you as someone who overcomes obstacles and faces the unexpected with the skill set – and mindset – to succeed. You have earned a college degree and our deepest respect.

Although we cannot celebrate your great accomplishment in person, know that we are very proud of you. The 2020 Graduating Class will hold a special place in Embry-Riddle history. Congratulations on your graduation, your accomplishments as an Embry-Riddle student and your bright future.

Best wishes on your continued success. Go Eagles!

**P. Barry Butler, Ph.D.**

# PRESIDENT'S MESSAGE

Dear Graduates,

Congratulations. This is a memorable day for you and a cause for pride and celebration for your family. Enjoy this moment. You worked hard to earn it.

We hope you will remember Embry-Riddle as a place that supported you, challenged you and prepared you for a life of purpose and contribution.

Some say that college graduation marks a time when you take ownership of your life. The Graduating Class of 2020 stepped into that ownership with strength and character. The Covid-19 pandemic brought social isolation, compromises and disappointed expectations. You confronted challenges you never anticipated. Yet you found ways to remain connected and support each other to create a college experience that may have been different from – but not less than – classes who came before you. Your grace and grit impressed those who believed in you before you came to Embry-Riddle and those who came to believe in you as Eagles. I hope you leave us believing in yourselves as much as we believe in you.

On behalf of the faculty and staff of the university, we were proud to serve you. You inspired us. Your passion and persistence in pursuing your goals gives us confidence in the future you will help create.

Please know that Embry-Riddle will always welcome you as a Forever Eagle and wish you every success, personally and professionally.

Sincerely,

A handwritten signature in black ink that reads "P. Barry Butler". The signature is written in a cursive, flowing style.

**P. Barry Butler, Ph.D.**  
*President*  
Embry-Riddle Aeronautical University

---

In 2017, P. Barry Butler became the sixth president of Embry-Riddle Aeronautical University, the world's leading institution of higher education focusing on aviation and aerospace.

Embry-Riddle Aeronautical University offers more than 100 bachelor's, master's, and Ph.D. degree programs in its colleges of Arts & Sciences, Aviation, Business, Engineering, and Security & Intelligence. Embry-Riddle educates more than 34,000 students annually at residential campuses in Daytona Beach, Florida, and Prescott, Arizona, through the Worldwide Campus at more than 135 locations in the United States, Europe, Asia, and the Middle East, and through online programs.

Under his presidency, Embry-Riddle continues to expand discovery-driven degree programs and its research park is home to new aerospace patents, technology transfer and startups. Butler has encouraged collaboration with industry, resulting in expedited hiring initiatives with leading aviation and aerospace industries. He is expanding the university's interest in aviation cybersecurity, aviation data analytics and autonomous vehicles. The university also created new partnerships to prime the aviation/aerospace pipeline.

As a strong advocate for science, technology, engineering and mathematics (STEM) education, Butler supports a dual-enrollment program with the Gaetz Aerospace Institute. The institute offers more than 40 university courses to students in 84 Florida high schools. At the Arizona Campus, the STEM Education Center serves as a hub of enrichment for students, faculty, researchers and the community.

Previously, Butler was Executive Vice President and Provost of the University of Iowa. He was responsible for more than 100 academic programs in 11 colleges. For ten years, he served as Dean of the College of Engineering.

Butler is on the board of the Hoover Presidential Foundation and The Wings Club. He is a member of The Civic League of the Halifax Area. He is a private and glider pilot.

He earned three degrees from the University of Illinois at Urbana-Champaign: a bachelor's in Aeronautical Engineering, a master's in Astronautical Engineering and a Ph.D. in Mechanical Engineering.

## CHANCELLOR'S MESSAGE

Dear Graduates,

Congratulations on your great achievement! After all your hard work, you are graduating today. And while your graduation from Embry-Riddle Aeronautical University comes at an unprecedented time in history, nothing can ever take away from your past accomplishments or your future prospects.

All of us at Embry-Riddle want to unite the entire 2020 Fall Graduating class to celebrate your special day, even if we have to do it virtually. You have given special dedication and perseverance to get through your demanding course of study and you deserve to be proud of your achievement. Indeed, on behalf of the entire Prescott campus, I am pleased to express our immense pride in you; we are all so happy to share in the enjoyment of your success.

This will no doubt be just one step in many future successes. I wish you the best and hope you stay in touch.

Sincerely,

A handwritten signature in black ink, appearing to read "Anette M. Karlsson". The signature is fluid and cursive, written in a professional style.

**Dr. Anette M. Karlsson**  
*Chancellor of Prescott Campus*  
Embry-Riddle Aeronautical University

---

Dr. Anette M. Karlsson, a mechanical and aerospace engineer and a highly accomplished academic leader, brings stellar credentials, superb executive experience, a passion for both engineering and aviation and a team-oriented approach to the Embry-Riddle Prescott campus.

A Fellow of the American Society of Mechanical Engineering, Dr. Karlsson earned her Ph.D. in mechanical and aerospace engineering at Rutgers University, within the area of applied mechanics.

She completed her bachelor's and master's degrees at Linköping University in Sweden. Dr. Karlsson conducted postdoctoral research at Princeton University before joining the University of Delaware, where she later became chair of the Department of Mechanical Engineering.

Earlier in her career, she worked as a research/design engineer for Saab Missiles and Saab Aerospace, and as a technical attaché of material science for Sweden's Embassy in the United States. Her research interests focus on the thermo-mechanical properties of advanced materials with an emphasis on the durability of materials used in clean energy production.

Dr. Karlsson has published more than 80 peer-reviewed international journal articles and she has been the primary adviser for more than 15 doctoral and master's degree students. Dr. Karlsson's many honors and awards have included the U.S. Office of Naval Research Young Investigator Award, the University of Delaware's E.A. Trabant Award for Women's Equity as well as the Young Scholars Award of the Francis Alison Society and membership in the engineering honor society, Tau Beta Pi. As Embry-Riddle's new Chancellor on the Prescott Campus, listening, learning and gaining trust have been important first steps for her and an essential foundation to elevate Embry-Riddle's Prescott Campus.

While we can't be together, we can still be social.  
Stay connected through our social media channels.

**#ERAU2020GRAD**

## COMMENCEMENT SPEAKER

David Calhoun is president and chief executive officer of The Boeing Company. With employees across the United States and in more than 65 countries, Boeing is the world's largest aerospace company. It is the leading manufacturer of commercial airplanes, military aircraft, and space and security systems, and a provider of global services; it supports airlines and U.S. and allied government customers in more than 150 nations. Calhoun, 63, became Boeing president and chief executive in January 2020. He has served as a member of Boeing's board of directors since 2009 and served as chairman of the company's board of directors from October to December 2019.

Calhoun has extensive expertise in a wide array of strategic, business, safety and regulatory matters across several industries as a result of his executive, management and operational experience.

A native of Pennsylvania, Calhoun holds a bachelor's degree in accounting from Virginia Tech. He is co-author of the book *How Companies Win* and is an avid golfer and skier. He is married with four children.

Boeing is proud to partner with Embry-Riddle Aeronautical University on a number of strategic initiatives that contribute to the continued growth and diversification of the global aerospace industry. In 2019, these initiatives included \$165,000 in charitable contributions to the university and a \$3 million grant for the Boeing Scholars program. The program is an initiative of Boeing to develop qualified students for careers in aviation, with a special interest in aeronautical science and aviation maintenance science. The Boeing Co-Pilot Mentoring Program pairs students of the university with alumni at Boeing to build professional skills through guided mentorship. As of March 2020, more than 2,700 Embry-Riddle alumni are employed by Boeing and its subsidiaries.

**David L. Calhoun**  
*President and Chief Executive Officer  
The Boeing Company*

# GRADUATE CANDIDATES

## COLLEGE OF AVIATION

### **Master of Science in Safety Sciences**

Amber Florence Dalton  
Christine Kee Hseu  
Michael Allen Knott  
Jakub Saly

## COLLEGE OF SECURITY & INTELLIGENCE

### **Master of Science in Cyber Intelligence and Security**

Ying Fan

### **Master of Science in Security and Intelligence Studies**

Caitlyn Nicole Aaron  
Franco Exequiel Capasso  
Michelle Kori Riffer

---

The Commencement program was printed with accurate graduation records as of Wednesday, November 18, 2020.

A final version with full records will be available the week following the ceremony at [prescott.erau.edu/campus-life/graduation](http://prescott.erau.edu/campus-life/graduation).

## UNDERGRADUATE CANDIDATES

### COLLEGE OF ARTS & SCIENCES

#### **Bachelor of Science in Forensic Biology**

Berenice Andrea Carreras Mendiola  
MaeLee DeVries  
La Shay Irene Langie  
Veronica Sofia Rodriguez

#### **Bachelor of Science in Forensic Psychology**

Jamie M. Berends  
Angelina Amor Guerra

#### **Bachelor of Science in Industrial Organizational Psychology**

Rachel Isabella Kennedy

#### **Bachelor of Science in Industrial Psychology and Safety**

Benjamin Caleb Byrd  
Hesham Mohammedhadi Jamelellail

#### **Bachelor of Science in Interdisciplinary Studies**

Joshua Lorenzo Nelson

#### **Bachelor of Science in Space Physics**

Macayla Jean Carroll  
Travis Lee Morris  
Patricia Sablan  
Kristi Danae Wilson

### SCHOOL OF BUSINESS

#### **Bachelor of Science in Aviation Business Administration**

Sarah Elizabeth Chapin  
Justin Eric Raymond

#### **Bachelor of Science in Business Administration**

Hailey Anne Bray  
Alexander S. Gregory  
Samuel Changin Han  
Kristopher Taylor Howard-Owens  
Mitchell Hays Kisner

#### **Bachelor of Science in Forensic Accounting and Fraud Examination**

Ammara Dadabhoy  
Lucas Ouriques Justino  
Diana Candace Shetterly  
Annissa Elizabeth Steiner

#### **Bachelor of Science in Global Business and Supply Chain Management**

Jason Victor Holzberg  
Elias Darrin Mason  
Jarrett Michael Sahd  
Karcher Smith

### COLLEGE OF AVIATION

#### **Bachelor of Science in Aeronautical Science**

Mazen Mosleh A Alghamdi  
Timothy Dumo Aranda  
Nicholas Johnson Bartholet  
Benjamin Julio Berman  
Timothy David Carney  
Michael John Galasieski  
Elijah Ray Kemp  
Isaiah Khan  
Martin Andreas Kurkchubasche  
Curtis Jordan Lee  
Jack David Lewis  
Otto Frederick Maytag  
James Davis McConlogue Jr.  
Aisen Hoa Samantha Ngo  
Kevin A. Peace  
Dominic D. Pile  
John William Rees  
Kody Aaron Schweizer  
Daniel Matthew Sweibel  
Koby David Yoshimi  
Aman Zaki  
Jacob Patrick Zierenberg  
Khairul Afiq Zolkafli

# UNDERGRADUATE CANDIDATES

## **Bachelor of Science in Aeronautics**

Azam A. Alabbas  
Ryan William Burnett  
James Michael Carroll  
Joshua Laurence Gressly  
Daniel B. Harmon  
Dylan Wilson Horan  
Devin J. Horn  
Eric Bugyeong Jang  
Zechariah Lee Janssen  
Austin Klein  
Alexander Jerome Kunkel  
Yu Fei Li  
Michael Nelson  
Killian William O'Rourke  
William Forrest Pettit  
Bryan J. Phielix  
Justin Masao Pho  
Samantha M. Ramos  
Juno van Ek

## **Bachelor of Science in Air Traffic Management**

Eli Kanally  
Alexa Pacheco Olguin

## **Bachelor of Science in Applied Meteorology**

Paige T. Swenson

## **Bachelor of Science in Unmanned Aircraft Systems**

James Augustus  
Ethan Timothy Hedrick  
Bridgette Daphne Lynn Lutton  
Anthony Luis Romero  
Brennan James Tickell

## **COLLEGE OF ENGINEERING**

### **Bachelor of Science in Aerospace Engineering**

Mohammed Abdulrahman Al Sada  
Karun Paul Abraham  
Osvaldo AlmeidaSanchez  
Alise Rose Arnold  
John Joseph Bannon IV  
Abdullah Binouzer  
Michael Blackwell  
Dennan Michael Boscarino  
Thorin Arthur Comp  
Daniel Patrick Cullen  
Oliver Kyle Davis  
Christian Jori Dill  
Richard A. Dixon  
Andrea Elaine Dumitrescu  
Colin R. Ferrell  
Madison Joseph Fougere  
Zackary Albert Goodman  
Duran Blue Heath  
Steven Anthony Hicks  
Peter Hoffend  
Paul Imler  
Jacob Alexander Johnson  
Jacob Kilian  
Shannon Nicole Lambert  
Becca Lynn Laub  
Moriah Dey Lewis  
Ashley Eileen Loberger  
Joshua William Manson  
Travis Lee Morris  
Ryan Benjamin Moss  
Charles Harold Roberts  
Angel Rodriguez  
Jeffrey Xavier Ryan  
Tanner Score  
Jordan Russell Secchitano  
Wyatt J. Smith  
Logan Joseph Stropole  
Travis A. Tran  
Christian Pascal West  
Ryan James Williams  
Andrew Paul Wilson

**Bachelor of Science in Computer Engineering**

Andrew C. Hostetter  
Michael Leroy Riley II

**Bachelor of Science in Mechanical Engineering**

Tom Richard Bates  
Nathan James Dalke  
Maxwell L. Kauker  
Stephen Kerpon  
Robert Joseph Konieczny Jr.  
Andrew James Lucka  
Douglas Christopher Parker Jr.  
Dwight Patch III  
Jacob Isaac Siet

**Bachelor of Science in Software Engineering**

Andrea Katelin Gray  
Thomas Michael Rapp

**COLLEGE OF  
SECURITY & INTELLIGENCE**

**Bachelor of Science in  
Cyber Intelligence and Security**

David S. Alba  
Zachary Thomas Andrews  
Rebekah Leigh Carr  
Johnathon Lewis Clark  
Josh Todd Edmondson  
Maverick Evan Milnes  
Ronald J. Scruggs  
Brian David Sosnowski  
Marilyn Valencia  
Connor Shaheen Vaziri

**Bachelor of Science in  
Global Security and Intelligence Studies**

Mohammed Musabbeh Alkaabi  
Khalifa Rashed Alketbi  
Abdulla Albadi Alnuaimi  
Khalifa Muhayer Alshamsi  
Angelica Arvizu  
Riley Daniel Coder  
Kearsten Marie Crocker  
Joseph Douglas Farris  
Matthew Evan-Levi Goldworm

## **INTERNATIONAL FLAGS**

Please join us in recognizing our diverse international student population who attend the Embry-Riddle Aeronautical University Prescott Campus. Included are flags and graduates from:

### **Argentina**

*Exequiel Franco Capasso*

### **Mexico**

*Andrea Berenice Mendiola Carreras*

### **Qatar**

*Abdulrahman Mohammed Al Sada*

### **Saudi Arabia**

*Mosleh A Mazen Alghamdi*

### **Singapore**

*Yu Fei Li*

### **South Korea**

*Jinyoung Lee*

### **South Korea**

*Kyuhoo Yoon*

### **United Arab Emirates**

*Musabbeh Mohammed Alkaabi*

### **United Arab Emirates**

*Khalifa Alketbi*

### **United Arab Emirates**

*Abdulla Alnuaimi*

### **United Arab Emirates**

*Khalifa Alshamsi*

### **Yemen**

*Abdullah Binouzer*

## **COMMISSIONED OFFICERS**

### **AIR FORCE ROTC**

*Commissioned Second Lieutenant Officers*

**Zachary Andrews**

**Thomas Bates**

**Thorin Compy**

**Zackary Goodman**

**Peter Hoffend**

**Patricia Sablan**

**Wyatt Smith**

**Christian West**

### **ARMY ROTC**

*Commissioned Second Lieutenant Officer*

**Andrew Hostetter**

### **NAVAL ROTC**

*Commissioned Officer, Ensign*

**Jacob Kilian**

## OUTSTANDING AWARDS

### CHANCELLOR'S AWARD

*The Chancellor's Award honors an outstanding graduating senior scholar and leader who has an exceptional record of academic accomplishment and a high level of campus and community involvement, while maintaining a minimum 3.5 Cumulative GPA. This is the highest award bestowed to one of our graduates.*

**Recipient: Paige Swenson**

*Bachelor of Science in Applied Meteorology*

Paige is an outstanding scholar and researcher. In addition to achieving high grades in coursework, she has written several research proposals and obtained funding as an undergraduate research assistant through the NASA Space Grant, where she documented the 2010 Arizona Tornado Outbreak. Paige is a highly motivated researcher who learned to use complex software to precisely map the tracks of the tornadoes. Her research results were presented at university poster sessions and at the NASA Space Grant Symposium for two consecutive years.

She further pursued her passion for severe weather through an internship this past summer at the National Weather Service in Indianapolis, IN.

In addition to academics and research, Paige is very involved in extracurricular activities and as a student employee. She is a tutor for grade school students at a local church. She served as the President of the campus Weather Club and was employed as a meteorology lab assistant, meteorology tutor, and as a resident assistant.

As a result of all her accomplishments, she was awarded the 2020 Women of Excellence Award as the outstanding female student in the College of Aviation. After graduation, Paige will be working as a meteorologist for the Arizona Department of Environmental Quality in the Phoenix area.

### ED KING COMMUNITY SERVICE AWARD

*The Ed King Community Service Award honors a graduating senior who has made an outstanding contribution of time and talent to the community and the University and has a minimum 3.0 Cumulative GPA.*

**Recipient: Martin Kurkchubasche**

*Bachelor of Science in Aeronautical Science*

Martin is Commercial Single Engine Pilot with Instrument privileges. He expects to complete his Commercial multi-engine license soon. He is an active member of flight related organizations: Aircraft Owners and Pilots Association; Experimental Aircraft Association; National Gay Pilots Association and ALPA ACE Club. During his time as an AS student, Martin served as Flight Department Lead Student Advisor to the Chair, College of Aviation Peer Counselor, Lab Instructor for Virtual Reality research efforts, Campus Academic Mentor, Flight Department dispatch trainer, as well as Summer Programs Student coordinator and housing supervisor.

His accomplishments include designing and teaching a Virtual Private Pilot Operations course to freshmen without prior flight experience. This effort included collecting data from the VR software and student training records for statistical analysis. Martin was instrumental in creating its material and helping gain MCO approval to run it. This state-of-the-art simulation will be essential to the future success of flight students.

In addition, as an FAA Certified advance ground instructor he acted as a substitute professor for Private Pilot, Instrument Pilot, and Commercial Pilot ground schools. He was selected to oversee student representatives spread throughout the Embry-Riddle flight department. In this role, he was a constant advocate for his fellow students to Flight Chair and represented their interests in a \$30M fleet replenishment acquisition effort. He furthered the future of aviation engaging in summer programs including providing education on aviation related lessons. He further his readiness to serve with these young Eagles by becoming CPR, AED, and First Aid certified.

Martin's remarkable skills in teaching were also essential as a flight dispatch trainer covering more than 40 aircraft and 7 simulators for thirty new-hire dispatchers on safety and operations protocols. After graduation, Martin would like to continue his role as educator by completing his Certified Flight Instructor ratings and build time towards his eventual career in the airlines.

# NOTES ON ACADEMIC REGALIA

The attire worn by the graduates, faculty, and officers of the University for Commencement exercises has historic roots in the distant medieval past. Dressed in cap and gown, graduates and professors form part of a long tradition, which dates back to Paris, Bologna, Oxford and Cambridge.

The precise origins of the several parts of the academic garb are not easy to discover. However, since medieval students enjoyed the status of clerics during their University years, one may assume that their attire found its inspiration in the clerical dress of medieval times. The gown seems to be an adaptation of the robe of the friar or priest; the hood resembles the monk's or friar's cowl; and the mortarboard cap may have evolved from the skullcaps that were needed to protect against the drafts of medieval classrooms.

Academic attire began to appear on campuses in the United States in the late 1890s. Since that time, its use has become universal for University functions, and its pattern is highly uniform.

## THE GOWN

The bachelor's gown is a yoked, closed-front garment, with long, pointed sleeves; the master's gown has full, bell-shaped sleeves. Only the doctor's gown is trimmed — with velvet panels down the front and three velvet bars on each sleeve. Black is also proper for the color of the gown; however, some universities have adopted distinctive colors for these gowns, and the wearer has the option of wearing his/her school color or black.

Though black velvet is proper trimming for all doctor gowns, the color of the panels and sleeve bars is often varied, in order to indicate the faculty that granted the wearer's degree:

- **Dark Blue** for Philosophy
- **Light Blue** for Education
- **White** for Arts and Letters
- **Gold-Yellow** for Science
- **Orange** for Engineering
- **Purple** for Law
- **Brown** for Management

## THE CAP

The mortarboard has become the universally accepted style in colleges and universities of the United States. Many European institutions still retain distinctive forms of academic headdress.

The doctor, following graduation, has the right to wear a gold tassel on the mortarboard; black, however, is perfectly proper. The practice of varying the color of the tassel on the others has gained acceptance:

- **White** for Arts
- **Gold-Yellow** for Science
- **Dark Blue** for Philosophy
- **Light Blue** for Education
- **Drab Brown** for Commerce
- **Red** for Technology
- **Purple** for Law
- **Orange** for Engineering

## THE HOOD

The hood at first seems to have been worn over the head and was attached to the gown. When the skullcap was introduced, the hood was retained but detached and worn much as it is today. Each degree (bachelor, master, doctor) has a special hood, which varies in length. The doctor's also varies in pattern.

The color or colors with which the hood is lined are those of the college or university, which granted the wearer's degree — for example, Embry-Riddle Aeronautical University, is known by the gold chevron on the field of royal blue. The colored velvet binding or edging of the hood, in different widths for the bachelor, master, and doctor, is the key to the faculty granting the degree. The colors follow the same scheme indicated above for the panels of the doctor's gown.

The particular field of graduate study is indicated by the color of the satin binding:

- **Gold** for Human Factors and Systems
- **Lemon** for Engineering Physics
- **Silver** for Aeronautics
- **Drab Brown** for Business Administration, Business Administration in Aviation Management, Aviation Finance, and Project Management
- **Orange** for Aerospace Engineering, Cybersecurity Engineering, Electrical and Computer Engineering, Mechanical Engineering, Software Engineering, Unmanned and Autonomous Systems Engineering, Software Engineering, and Multidisciplinary Engineering

# ALUMNI ENGAGEMENT

## **Congratulations, Graduates!**

On behalf of the Office of Alumni Engagement, we welcome you to the Embry-Riddle alumni family. This day of celebration is all about you and your accomplishments. You are now among more than 139,000 fellow alumni located around the globe, forever united through your shared passion and experiences at Embry-Riddle.

We know that you will soar to new heights as leaders in your industries, careers, communities and countries. As you progress in your careers, we will provide you with services and programs to enhance your alumni experience and support your professional development.

Please wear your Embry-Riddle pin with pride, as it is a symbol of your alma mater. We encourage you to stay connected by updating your profile at [alumni.erau.edu](http://alumni.erau.edu) and sharing your achievements. The information you share may be highlighted in *eagleNEWS*, our monthly alumni newsletter, or *Lift*, our alumni magazine.

When you have the opportunity, visit any of your campuses; attend alumni networking events and homecomings; and always help your fellow Eagles when they need employment, mentorship, guidance and support.

## **Congratulations and remember, you are Forever an Eagle!**

FOREVER AN EAGLE

---

# ALMA MATER

*Verse 1:*

Eagles gather near, we lift our voices loud and clear  
Soaring high, oh Alma Mater,  
Threads of blue and gold  
United we soar, in vast open skies  
Embry-Riddle, we hail thee, great memories we'll hold.

*Verse 2:*

Singing thy praise, remembering the days  
Coast to coast, around the world, our bond forever true  
Embracing our dreams, with pride far and wide  
Embry-Riddle, we hail thee, great memories we'll hold.

*Refrain:*

So here's to you old ERAU  
Alma Mater true,  
We pledge in love and harmony  
Our loyalty to you.

FOREVER AN EAGLE
