Preview Day, March 28

Housing and Recreation - Raffle Prize

Housing Application & Room Selection
In order to secure a room on Preview Day, you must first apply for campus housing and select your room. You cannot even attend Preview Day if the campus housing application is not complete. Make sure to apply online, and select your room before you attend Preview Day. If you select your room before attending, you will be able to attend Preview Day and receive the selected room. If you do not select your room, then you will be added to the housing waiting list, where you will be placed in a room as soon as one becomes available.

First Year Required Students

Room Selection

Hello Everyone!

Roommate Selection

Connect with us

Please be prepared to participate in a quick roommate survey, which will complete the Roommate Selection process. After that, you will be provided with a list of available rooms and spaces. You will then be able to select the room or space that best fits your needs. The survey will be sent to your Embry-Riddle email and will be due by May 15. Once you have selected your room or space, you will be able to select your roommate or roommates. You will be given the option to select a specific roommate or you can select from a list of potential roommates. If you select a specific roommate, you will be placed in a room with that person. If you select a list of potential roommates, you will be placed in a room with one of those individuals. Once your roommate selection is complete, you will not be able to change it. Therefore, it is important to make sure you have selected your roommate or roommates before attending Preview Day.
