

## How Much Does It Cost?

Costs are very affordable for length of program, **scholarships are available**, and costs consist of the following general categories:

- ◆ **Program fee** (Paid to ERAU) - Based on number of students who attend:
  - ◆ 10-14: \$4,700
  - ◆ 15-19: \$4,195
  - ◆ 20+: \$3,840

*This fee covers local support, housing, charter bus to/from Rome airport, orientation, cultural activities, class trips, translation help, 24-hour assistance, and more.*

- ◆ **Tuition—1/2 Price in Summer!**
  - ◆ 3 credits (1 class): \$2,150
  - ◆ 6 credits (2 classes): \$4,299

- ◆ **Airfare:** Currently coach-class fares from PHX to Rome (FCO) are under \$1,500 round trip. Students purchase their own tickets and find flights that work for them.
- ◆ **Meals:** Each apartment has a full kitchen; students are shown how to purchase local groceries and plan meals based on their personal budgets.
- ◆ **Miscellaneous:** Personal travel & shopping money, etc.

**Apply Now! \$100 application fee & \$400 deposit due with application (deposit applied toward program fee)**

# Science & Society on the Global Stage

## Leadership & Psychology in

**Italy**

**Application Deadline: December 15, 2018**

*Dr. Erin Bowen & Dr. Michele Gazica  
PSY 401 and PSY/HU 399—Summer 2019*

## Business & Behavior Take Center Stage in Umbria

- ◆ Can a leader be trained, or are they born to lead?
- ◆ Are good leaders the same all around the world?
- ◆ How is psychological science viewed in other countries?
- ◆ What was it like to have a mental illness in the 1600s?

Join **Dr. Erin Bowen**, Professor of Psychology, and **Dr. Michele Gazica**, Assistant Professor of Psychology, on a once-in-a-lifetime learning opportunity in beautiful central Italy.

Explore the psychology of leadership and the role of leaders in international and multicultural businesses in **PSY 401, "Psychology of Leadership."** In **PSY/HU 399, "International Psychology"**, students explore how applied psychological science is used in Italy and Europe, strategies for enhancing international collaborations, and how the art, history, and language in a region inform modern biopsychosocial interactions.

## A Local Partnership Creates Unique Student Opportunities

ERAU has partnered with the Umbra Institute to create a custom educational program that maximizes ease of travel, comfort, and safety, while encouraging exploration, local interaction, and growth. Support from Umbra includes translation and emergency services, local housing, and even assistance in local shopping or medical needs.

**Based in Perugia, the capital city of Umbria, students experience a walkable historic city filled with art, architecture, music, and history.** Students stay in charming local apartments with other Umbra students from around the world. Often called "Italy's University City", Perugia is strategically located between Florence and Rome and connected via train to the rest of Europe.

In addition to plenty of chances to explore and arrange independent outings, class field trips (available whether you enroll in 1 or both courses) include:

- ◆ **Overnight field trip to Rome's Museo della Mente** (Museum of the Mind) — a highly interactive museum showing the history of mental institutions and treatment of mental illness from the 16th century. **Housed in a former medieval psychiatric hospital**, the museum was named "Best Italian Museum" in 2010.
- ◆ **Visit to Luisa Spagnoli Museum**—part of Luisa Spagnoli company, an innovative luxury fabric organization founded by an Italian businesswoman that has fostered female leadership in a male-dominated business culture.

## Who Should Go?

Students in **ANY MAJOR** are welcome to join us! The science of becoming (or working for) a leader, of understanding how teams and partnerships are developed in different countries, of seeing how a country's history and values shape its modern thought and action—these are critical in every field.

**Courses can count toward upper-level electives, upper-level HU gen ed requirements, or other course substitutions as approved by your major.**

Our only academic prerequisite is that you have taken PSY 101 (Introduction to Psychology) or PSY 222 (Introduction to I/O Psychology) prior to Summer 2019.

The more students who sign up, the lower the price to attend—encourage your friends, your roommates, and your classmates to join us for a summer of Science and Society on the Global Stage!

*Museo della Mente (Museum of the Mind)*
